RE: Facility ID No. 777-00168, H K Contractors, Incorporated, Portable
Permit by Rule Registration Notification

Dear Mr. Davis:

The Idaho Department of Environmental Quality (DEQ) received a Permit by Rule Registration form for a Nonmetallic Mineral Processing Plant from H K Contractors, Incorporated, on April 23, 2007. The registration is for the following equipment:

JCI Kodiak K300 Cone crusher	JCI (screen)	Caterpillar 3412 Generator
Serial No.: CS325804	Size: 6' x 20'	Output (kW): 340
Capacity (T/hr): 500	Number of Decks: 3	Fuel type: #2 Diesel
Manufactured: 2004	Serial No.: S041242	
	Manufactured: 2004	
	Pioneer (screen)	
	Size: 6' x 20'	
	Number of Decks: 3	
	Serial No.: 620E3123	
	Manufactured: 1998	

On January 26, 2007, H K Contractors, Incorporated, purchased the JCI Kodiak K300 Cone crusher and the Pioneer screen listed above from Beco Construction Company, Inc. Beco Construction operated the equipment under Permit to Construct No. 777-00168 issued on October 10, 2000. H K Contractors acquired possession of the equipment on March 1, 2007. DEQ received a letter requesting a name change from H K Contractors on April 30, 2007, for Permit to Construct No. 777-00168.

Your registration for Permit by Rule is in our files. This letter terminates Permit to Construct No. 777-00168, Project No. P-000526 issued October 10, 2000. We recommend that you maintain a copy of this letter and a copy of the enclosed registration form for your records.

Please be advised that the registered equipment must comply with the Rules for the Control of Nonmetallic Mineral Processing Plants in accordance with IDAPA 58.01.01.790 through 802 (Rules for the Control of Air Pollution in Idaho). You can download a copy of the rules by visiting the rules page on DEQ's web site at.

http://www.deq.idaho.gov/rules/admin_rules.cfm

A representative of the Idaho Falls Regional Office will contact you regarding a meeting with DEQ to discuss the requirements of this Permit by Rule. DEQ recommends the following representatives attend the meeting: your facility's plant manager, responsible official, environmental contact, and any operations staff responsible for day-to-day compliance with permit conditions.

Other Air Quality Requirements

You will be required to submit a portable equipment relocation form each time the plant is moved to a new site of operations. DEQ requires that this form be submitted at least ten days prior to relocating the equipment. A copy of the form is enclosed for your convenience. You are also required to log the hours of operation for any electrical generator used, log all fugitive dust complaints, and log all triggers that initiate fugitive dust control. A copy of each of those forms is enclosed for your convenience. If you have any questions regarding this Permit by Rule process, please contact Bob Baldwin at (208) 373-0502 or Robert.Baldwin@deq.idaho.gov.

Sincerely,

Mike Simon
Stationary Source Program Manager
